Table of Contents

Proceedings of 2018 4th International Conference on Industrial and Business Engineering (ICIBE 2018)

Preface……...…….. ……...……..…. ……..……viii

Conference Committees…….…..…... ix

- ***Session 1- Econometrics and Digital Economy***

A Study on Non-Traditional Factors Affecting Price Differences of Real Estate in Different Regions-Based on 35 Chinese Cities Panel Data 1

Jiayin Li, Jianguang Wang and Shengjun Zhou

Is There a Laffer Curve in China's Government Tax Revenues Based on the Threshold Model? 9

Yang Lijun

Research on Sharing Economy based on Sharing Bicycles 13

Yang Shuai and Bo Qibo

- ***Session 2- E-Business and E-Government***

An Interactive Visualization Tool of E-Government Data Analysis of the Poorest of the Poor Household List in the Philippines..... 18

Mary Jane C. Samonte, Renz Jirhel D. Bahia, Carl Justine T. Dollete and Samantha Bernadine A. Forlaje

Designing Implementation Strategy for Internet of Things (IoT) on Logistic Transportation Sector in Indonesia 23

Inaki M. Hakim and Aldeina Putriandita

Interest-free Installment Payment Strategy for Retailers under Third Party Payment Platform 29

Liu Xiaoyan, Huang Lei and Chen Xin

- ***Session 3-Business Modeling and Decision Management***

Designing Economic and Environmental System Dynamic Model of Halal Supply Chain on Third-Party Logistic Industry in Indonesia..... 34

Latu Adiweno, Teuku Yuri M. Zagloel and Romadhani Ardi

Integration Model of Stock Inventory with Multi-Echelon Logistic and Predictive Maintenance 41

Ari Agung Prihandoyo, T. Yuri. M. Zagloel and Romadhani Ardi

Designing Strategies for Improving the Quality of Ragunan Wildlife Park Service using Quality Function Deployment Method..... 48

Inaki M. Hakim and Rossy Nicoline Subrana

Designing Mass Rapid Transit (MRT) Jakarta Transportation Service Strategy Using the Integration of Kano and QFD Method 54

Inaki M. Hakim and Satrio Nur Kartikoseno

Destination and Number of Flight Determination Using Multi Objective Goal Programming and Integer Linear Programming..... 60

Ir. Fauzia Dianawati M.Si and Liananda Deliputri

Investment Feasibility Study of N-219 Aircraft Purchasing for Pioneer Flight in North Kalimantan Province with Capital Budgeting Method 65

Fauzia Dianawati and Faisal Ahmad Ridho

Rating of Suppliers on Aircraft Parts Procurement Using DEMATEL-Based ANP and Simple Additive Weight Methods..... 70

Fauzia Dianawati and Deska Hanandira

Optimal Pricing for Flash Sale Considering Stock Value and Amount of Unique Visitors 75

Yongzhong Wu and Simin Huang

An Evaluation Model of Omni-channel Retail Logistics Service Integration Level 80

Xixi LIU, Hongjie LAN and Guang SONG

Train Scheduling for Frontier Station Based on Simulation Approach 86

Ke Li and Xiaochun Lu

Modeling Passengers' Choice in Ride-Hailing Service with Dedicated-Ride Option and Ride-Sharing Option 94

Yongzhong Wu, Xiangying Chen and Jingwen Ma

Research on Container Throughput Forecast of Qingdao Port Based on Combined Forecasting Model..... 99

Yajie Huang

Closed-Loop Supply Chain Optimization with Vehicle Routing Problem for Gallon Water Distribution 104

Rizky Abby Purnawan, Teuku Yuri M. Zagloel and Romadhani Ardi

- ***Session 4-Business Statistics and Applied Statistics***

Predictors of Abusive Supervision: Organizational Identification and the Role of Individual Difference 109

Wan-Ju Wu, Chun-Yen Chen and Yuan-Yu Chien

The Relationship among Knowledge Workers' Knowledge Exploration, Knowledge Exploitation and Procedural Justice 115

Chiang, Hsing Tien

Validity and Reliability Assessment of the Game Addiction Scale: An Empirical Finding from Indonesia 120

M. Mujiya Ulkhaq, Riyan Rozaq, Rafli Ramadhani, Reviza Heldianti, Azrinol Fajri and Pradita Y. Akshinta

Association among Corporate Culture, Talent Training and Development, and Corporate Operational Performance 125

Chin-Miel Su

Analysis of Product Personality and Purchase Intention of Society to Indonesia Original Products.Case Study: Batik 131

Amalia Suzianti, Sofrida Rosita Hanum amd Rheinanda Kaniaswari

Will Media Coverage Influence the Reduction of Venture Capitalists? 138

Cuifeng wu and Xian lin

Empirical Study on the Relationship between Twitter and Movie Box Office Revenue 143

Rui She, Jingzhi Guo and Yao Yang

The Relationship between Product Life Cycles and Sales Personals' Job Stress 152

Chun-Yen Chen, Shih-Hsun Fan and Yuan-Yu Chien

The Influence of Traffic Control Policy on Urban Logistics Efficiency in Beijing 158

Yueyan SONG, Hongjie LAN and Pu LI

Optimum Lead Time Based On Productivity Rate of Workers in PT. Universal Tekno Reksajaya Plant Jakarta 164

Tri Wahyu Aji and Naniek Utami Handayani

- ***Session 5- Computer Technology and Information Technology Application***

Scalable Query Profiling Employing Purging and Elimination Technique 169

Ruben A. Parazo and James A. Esquivel

Web Server Utilization Using Common off-the-shelf Computers 174

Jeffrey John R. Yasay

Sentence-Level Sarcasm Detection in English and Filipino Tweets 181

Mary Jane C. Samonte, Carl Justine T. Dollete, Paolo Mikkael M. Capanas, Maristela Louise C. Flores and Caroline B. Soriano

Microblog User Gender Prediction Algorithm for Corporate Marketing 187

Zhang Haishui and Wen Zhanjie

Multi-round Tag Recommendation Algorithm for Shopping Guide Robots 191

Shi Yuyao

Litigation Patents Knowledge Flow of Smartphone：Based on the Technology Field Citation Network 197

Ruirong Liu, Kuei-Kuei Lai, Chien-Yu Lin, Fang-Pei Su and Hui-Chuan Shih

Advanced Smart Wheelchair Design in Enhancing Quality of Life for Elder and Handicapped People 203

Seng Fat Wong, Wai Keong Hoi and Io Kuan Wan

Quantification of Sequencing Flexibility Based on Precedence Graphs for Autonomous Control Methods 211

Daniel Mueller, Carina Mieth and Michael Henke

Research on the Configuration of Urban Public Cultural Facilities: A Case Study of Tianjin Libraries 221

Lei Li, Jingyi Kong, Chenying Gu, Ruodan Wang and Shuai Ling

- ***Session 6- Data Encryption and Security***

Enhancing MD5 Collision Susceptibility 227

Jake M. Libed, Ariel M. Sison and Rujie P. Medina

An Efficient Universal Designated Verifier Signature Scheme for Non-Transferable Data Sharing in Clouds 233

Han-Yu Lin, Pei-Yih Ting and Yan-Ru Jiang

Secured Data Hiding and Sharing using Improved LSB-based Image Steganography Technique 238

Mark Rennel D. Molato, Bobby D. Gerardo and Ruji P. Medina

Security Assessment of Brute-Force Attack to Subset Sum-Based Verifiable Secret Sharing Scheme 244

Romulo L. Olalia Jr., Ariel M. Sison and Ruji P. Medina

1024Bit Key Fortification of RC6 for Video Encryption 250

Rommel Evan J. Paje, Ariel M. Sison and Ruji P. Medina

Performance Analysis of Enhanced SPECK Algorithm 256

Roman Alex F. Lustro, Ariel M. Sison and Ruji P. Medina

- ***Session 7- Computer Aided Education and Engineering Economics Education***

Assistive Mobile App for Children with Hearing & Speech Impairment Using Character and Speech Recognition .. 265

Mary Jane C. Samonte, Renz Jirhel D. Bahia, Samantha Bernadine A.Forlaje, John Gabriel J. Del Monte, Jecelle Anne J. Gonzales and Mariebeth V. Sultan

Educational Program Solution of Engineering Economics As the Methods of Technological Entrepreneurship Development: the Case of Russia 271

Natalia V. Trifonova, Irina L. Borovskaia, Aleksandra S. Proshkina, Michael Z. Epstein and Anastasia A. Melnikova

- ***Session 8- Product Design and Evaluation***

Example Based Sampling of Design Space for Facilitating Diverse Product Designs..... 276

Kemal Mert Dogan, Hiromasa Suzuki, Erkan Gunpinar and Myung-Soo Kim

Research on Methods of Product Evaluation Based on User Experience..... 282

Yan Zhou and Hao Guo

The Design Evolution of the Zipper: A Patent Review

Mohamad Zairi Baharom, Frank Delbressine, Marina Toeters and Loe Feijs 288
